**FOIA REQUEST**

National Freedom of Information Officer  
U.S. Environmental Protection Agency  
1200 Pennsylvania Avenue, NW (2822T)  
Washington, DC 20460  
(202) 566-1667

To Whom It May Concern:

This is a request under the Freedom of Information Act (FOIA), 5 U.S.C. sec 552.

We request the following information associated with the EPA's rulemaking regarding the Control of Emissions from Nonroad Spark-Ignition Engines and Equipment (EPA-HQ-OAR-2004-0008). Specifically, we request any documents or records related to meetings with MTD (MTD Products Inc) regarding 40 CFR 1060.101 (f)(1)(i), the requirement for fuel cap tethers, as well as any materials MTD has submitted to the EPA regarding compliance with 40 CFR 1060.101 (f)(1)(i).

Please provide your response within 20 business days, as specified in the FOIA and please confirm receipt of this request with a tracking number should we need to contact the EPA regarding the status. Please send any documents as soon as they are available to the above address. We will pay for any costs incurred up to \$50; please contact us if fees are expected to exceed this amount.

If you choose to withhold any portion of the requested documents, please cite the specific exemption of the FOIA Act you feel justifies the denial. Further, we request notification of the appeal procedures available to us, and the time constraints that we must adhere to.

Thank you for your assistance. Please do not hesitate to call if you have any questions.

Sincerely,

Erica Little
